

Task 1

Create a static html page by using the tags learned in the session. (headings, anchors, lists etc)

Requirements

- 1) The page should contain a form
- 2) The page should use any five html events
- 3) The page should contain links and images
- 4) Make sure you use correct tag for the data being displayed (Use headings [h1,h2,h3..] tags to display the headers)

Task 2

Create the table shown below

Faculty: Faculty of Computer Systems and Control			Speciality: Computer Systems and Technologies						Group: C04S01G62							
Day: Monday			Laboratory: 3241						Time: 7:30							
Even Week																
No.	Name	Fac number	Ex. 1	Ex. 2	Ex. 3	Ex. 4	Pr. 1	Pr. 2	SA	Mark SA	SP	Mark SP	Control work 1	Control work 2	Mark	Sign
	Year: 2012	Date														
1.	Ana Filcheva	123208011	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>
2.	Aneta Petkova	121208143	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>
3.	Angel Vasilev	121208138	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>
4.	Marty Borisov	121208160	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	123	5	43	<input type="text"/>	6	6	<input type="text"/>	<input checked="" type="checkbox"/>

Save

Requirements

- 1) Make sure the design you create is same as shown in the image
- 2) Ex 1, Ex 3 and Sign Checkboxes for Marty Borisov should be checked by default
- 3) SA, Mark SA, SP, Control work 1 and Control work 2 textboxes for Marty Borisov should have default values.
- 4) Every cell should be aligned as shown in the image.

Task 3
